

BRITISH LIBRARY

Cancer of Unknown Primary (CUP) Awareness Week: 22nd-28th September 2014

**52 journal articles in available in
The British Library's reading rooms
in London**

First edition 23/9/14
© The British Library 2014

1 Rapid reduction in the incidence of cancer of unknown primary. A [Norwegian] population-based study

OT Brustugun and Å Helland

Acta Oncologica

53(1) pp 134-137, 2014

Full text available in all reading rooms via the Informa Healthcare Journals platform

2 Cancer of unknown primary sites: what radiologists need to know and what oncologists want to know

KW Kim [et al]

American Journal of Roentgenology

200(3) pp 484-492, 2013

(P) GQ 20 -E(2) – Science 2 open access

3 Cancer of unknown primary site: 20 questions to be answered

N Pavlidis and G Pentheroudakis

Annals of Oncology

21(Supplement 7) pp vii303-vii307, 2010

Full text available in all reading rooms via the ESTAR e-journals platform

4 Subsequent cancers in patients diagnosed with cancer of unknown primary (CUP): etiological insights ?

X Shu [et al]

Annals of Oncology

23(1) pp 269-275, 2012

Full text available in all reading rooms via the ESTAR e-journals platform

5 Diagnostic work-up of carcinoma of unknown primary: from immune-histochemistry to molecular profiling

KA Oien and JL Dennis [et al]

Annals of Oncology

23(Supplement 10) pp x271-x277, 2012

Full text available in all reading rooms via the ESTAR e-journals platform

6 CUP: looking for a missing primary site and its biology

G Pentheroudakis

Annals of Oncology

23(Supplement 10) pp x278-x281, 2012

Full text available in all reading rooms via the ESTAR e-journals platform

7 Utility of measuring circulating tumor cell counts to assess the efficacy of treatment for carcinomas of unknown primary origin

K Komine [et al]

Anticancer Research

34(6) pp 3165-3168, 2014

(P) GT 90 -E(21) – Science 2 open access

8 Evaluation of clinical problems associated with bone metastases from carcinoma from unknown primary sites

M Hoshi [et al]

Archives of Orthopaedic and Trauma Surgery

131(1) pp 59-64, 2011

Full text available in all reading rooms via the ESTAR e-journals platform

9 Unknown primary tumors

C Natoli [et al]

Biochimica et Biophysica Acta – Reviews on Cancer

1816(1) pp 13-24, 2011

Full text available in all reading rooms via the ESTAR e-journals platform

10 Evaluation of survival benefits by platinum and taxanes for an unfavourable subset of carcinoma of unknown primary: a systematic review and meta-analysis

J Lee [et al]

British Journal of Cancer

108(1) pp 39-48, 2013

Full text available in all reading rooms via the ESTAR e-journals platform

11 Inflammation as a validated prognostic determinant in carcinoma of unknown primary site

Z Mohamed [et al]

British Journal of Cancer

110(1) pp 208-213, 2014

Full text available in all reading rooms via the ESTAR e-journals platform

12 Cancer of unknown primary: time trends in incidence, United States

E Mnatsakanyan [et al]

Cancer Causes & Control

25(6) pp 747-757, 2014

Full text available in all reading rooms via the ESTAR e-journals platform

13 Descriptive epidemiology of cancer of unknown primary site in Scotland, 1961-2010

DH Brewster [et al]

Cancer Epidemiology

38(3) pp 227-234, 2014

Full text available in all reading rooms via the ESTAR e-journals platform

14 Paclitaxel / carboplatin / etoposide versus gemcitabine / irinotecan in the first-line treatment of patients with carcinoma of unknown primary site. A randomized, phase III Sarah Cannon Oncology Research Consortium trial

JD Hainsworth [et al]

The Cancer Journal

16(1) pp 70-75, 2010

Full text available in all reading rooms via the Ovid LWW e-journals platform

15 Comparative survival with diverse chemotherapy regimens for cancer of unknown primary site: multiple-treatments meta-analysis

V Golfopoulos [et al]

Cancer Treatment Reviews

35(7) pp 570-573, 2009

Full text available in all reading rooms via the ESTAR e-journals platform

16 Neuroendocrine carcinoma of unknown primary: a systematic review of the literature and a comparative study with other neuroendocrine tumors

A Stoyianni [et al]

Cancer Treatment Reviews

37(5) pp 358-365, 2011

Full text available in all reading rooms via the ESTAR e-journals platform

17 Angiogenesis in unknown primary tumors

V Longo [et al]

Clinical and Experimental Medicine

12(2) pp 67-68, 2012

Full text available in all reading rooms via the ESTAR e-journals platform

18 Profiling immunohistochemical expression of NOTCH1-3, JAGGED1, cMET and phospho-MAPK in 100 carcinomas of unknown primary

D Krikelis [et al]

Clinical & Experimental Metastasis

29(6) pp 603-614, 2012

Full text available in all reading rooms via the ESTAR e-journals platform

19 Unknown primary cancer of the head and neck: a multidisciplinary approach

L Cerezo [et al]

Clinical and Translational Oncology

13(2) pp 88-97, 2011

Full text available in all reading rooms via the ESTAR e-journals platform

20 Update on the diagnosis of cancer of unknown primary (CUP) origin

A Ariza [et al]

Clinical and Translational Oncology

13(7) pp 434-441, 2011

Full text available in all reading rooms via the ESTAR e-journals platform

21 Molecular diagnosis of the tissue of origin in cancer of unknown primary site: useful in patient management

FA Greco [et al]

Current Treatment Options in Oncology

14(4) pp 634-642, 2013

Full text available in all reading rooms via the ESTAR e-journals platform

22 Time trends in survival from cancer of unknown primary: small steps forward

M Riihimäki [et al]

European Journal of Cancer

49(10) pp 2403-2410, 2013

(P) GT 60 -E(8) – Science 2 open access

23 Sources of meaning in cancer patients – influences on global meaning, anxiety and depression in a longitudinal study

K Scheffold [et al]

European Journal of Cancer Care

23(4) pp 472-480, 2014

Full text available in all reading rooms via the ESTAR e-journals platform

24 Exploring the biology of cancer of unknown primary: breakthroughs and drawbacks

K Kamposioras [et al]

European Journal of Clinical Investigation

43(5) pp 491-500, 2013

Full text available in all reading rooms via the ESTAR e-journals platform

25 Management of carcinoma of unknown primary in a Welsh cancer centre

A Garcia-Alonso [et al]

European Journal of Palliative Care

19(1) pp 30-33, 2012

(P) HB 58 -E(3) – Science 2 open access

26 Emerging techniques for determining the tissue of origin in patients with unknown primary carcinoma

MN Raber [et al]

Expert Opinion on Medical Diagnostics

4(6) pp 455-457, 2010

Full text available in all reading rooms via the Informa Healthcare Journals platform

27 Transoral robotic approach to carcinoma of unknown primary

K Durmus [et al]

Head and Neck

36(6) pp 848-852, 2014

Full text available in all reading rooms via the ESTAR e-journals platform

28 MET mutations in cancers of unknown primary origin (CUPs)

GM Stella [et al]

Human Mutation

32(1) pp 44-50, 2011

Full text available in all reading rooms via the ESTAR e-journals platform

29 The challenge of attributing causality in cancer of unknown primary

CM Vajdic [et al]

International Journal of Cancer

133(5) pp 1266-1267, 2013

Full text available in all reading rooms via the ESTAR e-journals platform

30 The challenges of understanding cancer of unknown primary

K Hemminki [et al]

International Journal of Cancer

133(5) pp 1268-1269, 2013

Full text available in all reading rooms via the ESTAR e-journals platform

31 Review of primary unknown cancer: cases referred to the National Cancer Center Hospital East

N Matsubara [et al]

International Journal of Clinical Oncology

15(6) pp 578-582, 2010

Full text available in all reading rooms via the ESTAR e-journals platform

32 Role of definitive radiation therapy in carcinoma of unknown primary in the abdomen and pelvis

P Kelly [et al]

International Journal of Radiation Oncology, Biology, Physics

82(5) pp 2012-2017, 2012

Full text available in all reading rooms via the ESTAR e-journals platform

33 Second-line chemotherapy in patients with primary unknown cancer

M Ono [et al]

Journal of Cancer Research and Clinical Oncology

137(8) pp 1185-1191, 2011

Full text available in all reading rooms via the ESTAR e-journals platform

34 Removing the unknown from the carcinoma of unknown primary

AI Daud

Journal of Clinical Oncology

31(2) pp 174-175, 2013

(P) GT 90 -E(26) – Science 2 open access

35 Cancer as an interruption in the plot: the contribution of the psychology in patients' reframing their own narratives

MA Annunziata and B Muzzatti

Journal of Medicine and the Person

12(2) pp 51-54, 2014

Full text available in all reading rooms via the ESTAR e-journals platform

36 Hope in newly diagnosed cancer patients

W Duggleby [et al]

Journal of Pain and Symptom Management

46(5) pp 661-670, 2013

Full text available in all reading rooms via the
ESTAR e-journals platform

37 Massively-parallel sequencing assists the diagnosis and guided treatment of cancers of unknown primary

RW Tothill [et al]

Journal of Pathology

231(4) pp 413-423, 2013

Full text available in all reading rooms via the
ESTAR e-journals platform

38 A primary approach to cancers of unknown primary

AM Schwartz and N Harpaz

Journal of the National Cancer Institute

105(11) pp 759-761, 2013

Full text available in all reading rooms via the
ESTAR e-journals platform

39 The role of narrative and metaphor in the cancer life story: a theoretical analysis

C Laranjeira

Medicine, Health Care and Philosophy

16(3) pp 469-481, 2013

Full text available in all reading rooms via the
ESTAR e-journals platform

40 PET and PET / CT for unknown primary tumors

TC Kwee [et al]

Methods in Molecular Biology

727, pp 317-334, 2011

(B) 616.07575 – Science 2 open access

41 Carcinomas of an unknown primary origin – diagnosis and treatment

C Massard [et al]

Nature Reviews Clinical Oncology

8(12) pp 701-710, 2011

Full text available in all reading rooms via the
ESTAR e-journals platform

42 Cancer of unknown primary site

GR Varadhachary and MN Raber

The New England Journal of Medicine

371(8) pp 757-765, 2014

(P) GP 00 -E(114) – Science 2 open access

43 Individual life expectancy estimation using validated prognostic scores for patients with cancer of unknown primary

C Ferte [et al]

Oncology

78(2) pp 87-93, 2010

Full text available in all reading rooms via the
ESTAR e-journals platform

44 Single-center management of 136 patients with cancer of unknown primary site (CUP syndrome) over a period of 10 years

I Thörn [et al]

Onkologie

32(12) pp 741-746, 2009

Full text available in all reading rooms via the
ESTAR e-journals platform

45 Cancer of unknown primary: addressing the communicative, ethical and medical challenges in clinical practice – a perspective from palliative care and supportive oncology

RC Ryan [et al]

Progress in Palliative Care

18(5) pp 291-296, 2010

(P) HB 58 -E(2) – Science 2 open access

46 Psychiatric manifestations, personality traits and health-related quality of life in cancer of unknown primary site

T Hyphantis [et al]

Psycho-Oncology

22(9) pp 2009-2015, 2013

Full text available in all reading rooms via the
ESTAR e-journals platform

47 Pathologic evaluation of unknown primary cancer

KA Oien

Seminars in Oncology

36(1) pp 8-37, 2009

Full text available in all reading rooms via the
ScienceDirect e-journals platform

48 Spiritual support of cancer patients and the role of the doctor

M Best [et al]

Supportive Care in Cancer

22(5) pp 1333-1339, 2014

Full text available in all reading rooms via the
ESTAR e-journals platform

49 Clinical presentation of carcinoma of unknown primary: 14 years of experience

JH Yi [et al]

Tumor Biology

32(1) pp 45-51, 2011

Full text available in all reading rooms via the
ESTAR e-journals platform

50 Neuroendocrine tumors of unknown primary site: gold dust or misdiagnosed neoplasms?

L Catena [et al]

Tumori

97(5) pp 564-567, 2011

(P) GT 61 -F(1) – Science 2 open access

51 Comparison of histopathological and gene expression-based typing of cancer of unknown primary

L Morawietz [et al]

Virchows Archiv

456(1) pp 23-29, 2010

Full text available in all reading rooms via the
ESTAR e-journals platform

52 Gene expression profiling in patients with carcinoma of unknown primary site: from translational research to standard of care

JD Hainsworth and FA Greco

Virchows Archiv

464(4) pp 393-402, 2014

Full text available in all reading rooms via the
ESTAR e-journals platform ■
