Cancer of Unknown Primary Pathway Development
Sharing different CUP models and outcomes from across the country

What stage are you in the development of your CUP pathway? Whether you have achieved high level work, or have nothing concrete, this seminar will share attendee and speaker experience to build your understanding of the models and outcomes that have and are being developed for patients on the CUP pathway. This unique forum will focus on:

- **Sharing different models**: incidence and mortality data, route of admission and outcomes
- **Managing patient experience**: supporting the family and when to stop investigations
- **Workforce resources and roles**: linking the patient to the CUP lead and MDT CUP
- **Improving outcomes**: fast track CUP service and picking the patients up earlier in the pathway

Plus: **How to Set up and Deliver Nurse Led Acute Oncology**
Tuesday 8th March 2016, Birmingham

As trusts across the country are stepping up to follow the NICE guidelines on improving outcomes of the undiagnosed primary, you can learn from these pathways that have been set up:

- Whittington Health NHS Trust
- University College London Hospital
- Sheffield Teaching Hospitals NHS Foundation Trust
- North Middlesex University Hospital NHS Trust
- University of Southampton
- Burton Hospitals NHS Foundation Trust
- Royal Free London NHS Foundation Trust

Supported by:

£5 of your booking fee will be donated to CUP Foundation - Jo’s friends

Wednesday 9th March 2016 | Maple House, Birmingham

NHS SPECIAL PRICES
£299 each with 2 places
£279 each with 4 places
Cancer of Unknown Primary Pathway
Sharing different CUP models and outcomes from across the country

9.00 Registration and refreshments

9.30 Chair's opening remarks
Dr Pauline Leonard, Medical Oncologist Consultant, Whittington Health NHS Trust

Managing patient experience

11.20 Optimising the management of CUP patients
• Streamlining investigations: treatment and management
• The patients journey and their interaction across the health spectrum
• Case studies on different patients presenting by different pathways
• Impact of the MDT: making a difference to the patients
Helen Rickards, Acute Oncology and Cancer of Unknown Primary CNS, and Dr Lucy Walkington, Consultant Medial Oncologist, Sheffield Teaching Hospitals NHS Foundation Trust

Sharing different models

9.40 Diagnosis and treatment: route of admission and outcomes
• Patient pathways and methods of referrals
• Incidence and mortality data, route of admission and outcomes
• Delivering the CUP pathway through the Acute Oncology Service
• Enabling effective outpatient and community roles in the pathway
Dr Pauline Leonard, Medical Oncologist Consultant, Whittington Health NHS Trust

12.00 Research insight: what is it like to be the patient on diagnosis?
• Qualitative research of patient experience shared
• Dealing with fitter patients and the desire to know the diagnosis
• Supporting the family with a rapidly deteriorate disease
• Are we treating too many people with CUP?
Dr Richard Wagland, Research Fellow in Cancer Care, University of Southampton

10.20 The University College London Hospital CUP pathway
• Optimising pathways of referral and care for patients with CUP
• Working with management and workforce in a Cancer Centre with on-site ED and inpatient oncology beds
• Biobanking, molecular profiling, and clinical trials: implications for CUP patients
• Case studies of management strategies for CUP patients
Dr Kai-Keen Shiu, Consultant Medical Oncologist, Gastrointestinal Oncology Service, Lead Consultant AOS and Cancer of Unknown Primary, University College London Hospital and MRC Clinical Trials Unit at UCL

12.40 Discussion: Poorly patients and when to stop searching for the primary
What is the best approach to take and when? When both the patient and family need support, how do you manage the unanswer questions? This discussion session will share experience across the country on the best approaches to take to diagnosis and treatment of cancer of unknown primary.

1.00 Networking lunch

Evolving roles and services

2.00 Nurse-driven CUP service: assessment of a smaller hospital
• Following the NICE guidelines: ensuring the pathway is fit for purpose
• How to best support the patients in primary care
• Direct pathways: linking the patient to the CUP lead and MDT CUP
• How to develop and value your team
• Collecting data via MDT
Joanne Harper, Macmillan Acute Oncology/CUP CNS and Melanie Bowling, Macmillan Acute Oncology/CUP CNS, Burton Hospitals NHS Foundation Trust

Sponsorship, Exhibition and Branding
Pre, On the Day and Post Event
If you join us in 2016, you will be able to talk directly to this Oncology audience, build familiarity and take away leads. Only at this event will you achieve quality exposure, long term recognition and the opportunity to demonstrate your expertise. For further details email sanjay.singh@sbk-healthcare.co.uk or telephone Sanjay Singh on 01732 89 77 88.

Tel: 01732 89 77 88 Follow on Twitter: @SBKevents bookings@sbk-healthcare.co.uk | www.sbk-healthcare.co.uk
2.40  Nursing perspective on evolving the CUP service
• How the service was initially set up: adapting pathways to work as a bigger trust
• Working with the tertiary referral
• How CNS and palliative care fits into the CUP pathway
• Measuring the CUP service: patient data and audits shared

**Dr Roopinder Gillmore**, Consultant Medical Oncologist, Royal Free London NHS Foundation Trust

3.20  Networking break

**Improving outcomes**

3.40  Impact of a fast track CUP service from primary care
• Implementing effective collaboration between primary care and oncology
• How the fast track clinic can work within the confines of GP referral
• Time from referral to instigation of definitive treatment
• How many people are a confirmed (true) CUP? Auditing and referral screening
• Finding and keeping track of your CUP patient

**Dr Andrew Millar**, Pathway Director for Hepatic Pancreatic and Biliary Cancer, UCL Partners and Consultant Gastroenterologist, North Middlesex University Hospital NHS Trust

4.20  Discussion: Picking the patients up earlier in the pathway
Does your GP know where to refer people? What are your criteria for the patients coming through? Are they appropriate for CUP? When the majority of patients come through the emergency route, this is a great opportunity to share experience and identify how other services are approaching their CUP pathway.

4.50  Close of day

Please visit [www.sbk-healthcare.co.uk](http://www.sbk-healthcare.co.uk) for the latest programme updates

---

**Learn how different services and trusts set up, sustain and develop their CUP pathways**

By sharing the experience of different size organisations with varying demographics and health infrastructures you will be able to identify with the drivers and parameters that are needed in your pathway.

**About Cancer of Unknown Primary (CUP) Foundation – Jo’s friends**

£5 of your booking fee will be donated to Cancer of Unknown Primary (CUP) Foundation - Jo’s friends which is supporting this day. Jo’s friends aim is to “make the unknown, known” by providing information and support to patients and carers, and promoting action that leads to improved diagnosis and the end of CUP.

For further information please visit [Jo’s friends](http://www.cupfoundjo.org)

---

**Plus a second day:**

**How to Set up and Deliver Nurse Led Acute Oncology**

**Tuesday 8th March 2016, Birmingham**

Take one day out to find out the answer to ‘what else you should be doing?’ If you have an established structure and are now looking to substantiate your service and cut down on diagnostic time, this forward looking day will share the tools and techniques to streamline 4 protected activities that are used at Portsmouth NHS Trust where flow has been improved and every activity accounted for.

For further information, visit [www.sbk-healthcare.co.uk](http://www.sbk-healthcare.co.uk)
